Gold Leaf Hat Knitting Pattern

Cast on 48 stitches with first color (switch colors every 5 rows to make the stripes)

Rows 1-25: Work 25 rows in k2, p2 Rib.

Row 26 (Dec Row): *K1, K2tog, K1; rep from * across row

Row 27 (Dec Row): *K2tog* across row.

Row 28 (Dec Row): *K1, K2tog, K1; rep from* across row

Row 29 (Dec Row): K2tog across row, knit last stitch. Cut yarn, leaving an 10 in. tail.

Thread tail through stitches of last row and pull to secure. Use the tail to sew the side seam together. Make and attach pom pom. (I made a striped pom pom by winding the first color yarn around the arms of the pom pom maker first and then adding the second color)
