Subject: Easter greetings from Christian Counselling Center in Novosibirsk

Dear Brothers and Sisters,

We are glad to greet you with Easter Greetings: Christ is risen! He is risen indeed!

Also we're happy to share with you last news of CCS and our progress.

On the eve of Easter in our Center, an open master class on making soft Easter eggs for children and their parents took part. Children took part in a master class in the form of a game, making pre-prepared egg blanks and then decorating them with self-adhesive decorative elements that you can see in the photo. The children of the older group did not glue the blanks, but even tried to sew both halves of the eggs with each other. Some crafts were then able to take with them as an Easter gift. Adults were entrusted with more difficult work: women not only cut out forms from the base, but also sew decorations on soft Easter eggs. Some made more complex items. All participants were very pleased with the reception and the process itself. After everything was completed, there was a tea party with homemade cupcakes. After tea, the children could play and draw in the children's corner. It should be noted that part of the crafts will be sold at the Easter Fair organized after the Easter service on April 21 by St. Andrew's parish.

We wish you blessed Easter! Thanks a lot for your help and your prayers.
