*Material presented  
is the same at both  
dates.*

## Breakout Sessions:

### **A. E, F & P Meetings-**

Our meeting challenges are many in today's world. In addition to all the COVID-19 challenges, we want our get-togethers to be interesting and engaging with a focus on mission outreach and spiritual growth – a tall order under any circumstance. This session will give you ideas how this can be accomplished by using structure, organization and goal setting to move your meetings along in an Efficient, Focused & Purposeful manner.

### **B. Going beyond the Traditional Meeting**

Is it time to refresh how your societies are connecting with each other? This last year has shown us there are ways of staying connected that may not involve the traditional society meeting. Our presenters have experienced these out of the box ideas and will be sharing them with you. Please feel free to share some of your own ideas too.

### **C. Impact of Mites/Joy of Being a Missionary**

What is it really like being a Missionary far away from home? How can we all experience the joy of sharing God's message of salvation with others without packing a suitcase?

Hint...Mites!

### **D. Do You Know the Flavor of Your Society?**

Diane Meyer and the Renewal Committee are at the ready to help you learn to evaluate your LWML group for its flavor which should reflect the needs and interests of the women in your church. Maybe it's time to change that flavor!

## General Sessions:

### **E. Tech Talk**

PDFs, ZIP files, Bytes, Cookies, Apps, Phishing, Spam...is this a session on technology or food? In this session we will attempt to demystify some of these common technology terms, discuss how to be safe online, and tour the many LWML and LWML-SWD technology tools available (websites, social media and apps).

Join us- it's going to be fun! Bring along your questions, open mind and sense of adventure!

### **F. CLC**

*Everyone needs a little "CLC". "CLC?" you ask. Yes, "Christian Life Connection".*

Let's talk about the Christian Life Chairmen in your zones and societies and how they can help you grow your spiritual lives with the tools available through the LWML.

### **G. Q & A**

In this session participants will be given the chance to ask questions and seek help with anything that is on their minds regarding LWML and their role in their own group. Attendees are encouraged to submit questions with their registration so that the committee can be prepared to give solid and pertinent answers.
