

Lutheran Counseling and Family Services of WI \$25,000

Lutheran Counseling and Family Services of Wisconsin has been in operation since 1896 then expanded to outpatient mental health services in the mid 1970's. LCFS has licensed

counselors trained in clinical psychology, family dynamics and trauma recovery who deliver Christian-based counseling that focuses on understanding how God's love can help put challenges and problems into perspective. The Covid epidemic showed a dramatic increase in youth mental health crises especially girls, children of minority races and those in lower income families. This grant will be used to expand the child therapy outpatient clinic, support professional counselors and to assess, diagnose and treat children referred into the program.

Mission Grant Prayer: Lord God, You are a healing and loving God for all people, but many do not know where to turn because they do not know You. Many people live lives that are dysfunctional and trauma filled. They need somewhere to go where Your healing love is given. Lutheran Counseling and Family Services has been counseling troubled youth with a focus on Your healing love. Please bless this grant that it may be used to reach those most in need of Your healing love. We ask this in Jesus' name. Amen.

Together in Christ

we are motivated to love, serve, gather, and encourage

And let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near. Hebrews 10:24-25
