

LWML SWD Mission Grant 10: CLET Togo Seminary Dorms

\$1,600

Seminary students and their families come from LCMS partner churches in French speaking areas of Africa to study for three years at the Lutheran Center for Theological Studies (CLET) Seminary in Togo, Africa. Current living arrangements are a persistent and distracting struggle. Construction of dorm housing units would allow students to concentrate on studies, provide a safer environment and allow for a cohesive CLET student community.

Mission Grant Prayer

Lord God, heavenly Father, You care about the need in far-away Africa for dormitory housing for theological students and their families, while they are in training to become pastors back in their home countries. Through an LWML grant, You offer me the opportunity to help with the construction of a suitable and safe dormitory for a pastoral trainee and his family. Accept and bless my offering and may it advance this mission effort to Your glory and the salvation of many. In Jesus' precious name. Amen
